

WELFARE PUMP

ASSOCIATED EQUIPMENT

Plug & play, portable temporary pump tank accommodating wastewater directly to a mains sewer or larger storage tanks, minimizing or eliminating waste tanker visits on sites.

MEASUREMENTS & WEIGHT

Height	900mm
Width	600mm
Length	1,100mm
Weight	120kg

SPECIFICATION

Max Pumping Distance	1,000m
Max. Pumping Height	20m
Pumping Main Required	63mm
Pump Type	Macerator
Automatic Flush Valve	Yes
Power Supply	230V
Power Rating	1.5kW
Rated Current	16A
Thermal Pump Protection	Yes
Waste Connection Invert	350mm from ground
Power Connection	16A Commando Plug

MOBILISATION

Fork/strap lifting pockets
